

The design process

I would love to meet with you at your home or in the shop to talk about your project. We can talk through your needs, look at the space, and sketch design ideas. **Consultations are always free.**

With a design direction in mind, we're ready to get started. I will prepare a detailed project drawing and estimate. If you decide to go ahead, the \$250 design fee will be applied to your project; if no, you still keep the drawing.

Custom, hand-built furniture takes time. Expect 8-12 weeks for delivery (rush service is available.) We provide optional delivery and installation services: we want to see your new furniture arrive safely and installed perfectly!
